

FREE ENGLISH ESOL LESSONS

Lincoln City Foundation will run:

Our **free**, in person ESOL (English for Speakers of Other Languages) courses are held at the Co-op Community Hub. Courses help non-native English speakers to improve their English language skills and confidence. The structured course runs for two hours each week. Better English increases employment, education and training opportunities, and helps make new friends within the local community. Courses are free but learners are expected to attend at least 8 lessons.
